WHAT'S ON YOUR IPOD?

We asked **Edmondo Blando**, stylist and owner of Salon Vanity in Downtown Philadelphia, what he has been listening to:

"**Feeling Good**" by Muse. "It's a feel-good song that reminds me of the high caused by the success of my business, health of my family and love of my friends."

"**Guns Are Drawn**" by The Roots. "We put this on when the salon is packed. It is really meant to remind the other stylists how terrific they are and that they are the best!"

"**Lose Myself**" by Lauryn Hill. "This song has a great energy about it. It's a killer song to have in the salon."

"**Traffic Jam Remix**" by Stephen Marley (featuring Snoop Dogg). "It just gets the salon lifted."
